

# Emergency Stop Switch Actuator

## SEAP01

Part Number

- 360° visible switch position indicator
- Unlocking by turning left or right

### Technical Data

#### Electrical Data

Temperature Range -30...70 °C

Storage temperature -50...85 °C

#### Mechanical Data

Housing Material Plastic

Service Life 50000 Activations

Degree of Protection IP65/IP69K

Installation Type Mounting

Installation opening 22,3 mm

Unlocking turning

#### Function

Switching position indicator yes

Anti-Lock Collar yes

Applicable contact block SC20101S

SC21101S

Contact block must be ordered separately (not included in delivery)
