

# **Technical data sheet Energetic diffuse sensor**

Part no.: 50122722

ET328.W3/4P

### Contents

- Technical data
- Dimensioned drawings
- Electrical connection
- Diagrams
- Operation and display
- Part number code
- Notes
- Further information
- Accessories

1/6

## **Technical data**

| Basic data                 |                              |
|----------------------------|------------------------------|
| Series                     | 328                          |
| Operating principle        | Diffuse reflection principle |
| Special design             |                              |
| Special design             | 90° - angular optics         |
| Optical data               |                              |
| Operating range            | Guaranteed operating range   |
| Operating range, white 90% | 0.005 0.35 m                 |
| Operating range, gray 50%  | 0.01 0.29 m                  |
| Operating range, gray 18%  | 0.012 0.19 m                 |
| Operating range, black 6%  | 0.015 0.14 m                 |
| Operating range limit      |                              |

0.001 ... 0.45 m

0.01 ... 0.38 m

 $0.012 \dots 0.25 \, m$ 

0.012 ... 0.2 m

Exempt group (in acc. with EN 62471)

LED, Red

620 nm

Pulsed

## **Electrical data**

Light source

LED group

LED light wavelength

Transmitted-signal shape

| Protective circuit | Polarity reversal protection |  |
|--------------------|------------------------------|--|
|                    | Short circuit protected      |  |

#### Performance data

Operating range limit, white 90%

Operating range limit, gray 50%

Operating range limit, gray 18%

Operating range limit, black 6%

| Supply voltage U <sub>B</sub> | 10 30 V, DC, Incl. residual ripple |
|-------------------------------|------------------------------------|
| Residual ripple               | 0 15 %, From U <sub>B</sub>        |
| Open-circuit current          | 0 20 mA                            |

## Outputs

Number of digital switching outputs 2 Piece(s)

#### **Switching outputs**

| Voltage type            | DC                            |
|-------------------------|-------------------------------|
| Switching current, max. | 100 mA                        |
| Switching voltage       | high: ≥(U <sub>B</sub> -2.5V) |
|                         | low: ≤2.5V                    |

#### Switching output 1

| Switching element   | Transistor, PNP |
|---------------------|-----------------|
| Switching principle | Light switching |

### Switching output 2

| Switching element   | Transistor, PNP |
|---------------------|-----------------|
| Switching principle | Dark switching  |

### **Timing**

| Switching frequency | 500 Hz |  |
|---------------------|--------|--|
| Response time       | 1 ms   |  |
| Readiness delay     | 300 ms |  |

| Connection 1         |                     |
|----------------------|---------------------|
| Function             | Signal OUT          |
|                      | Voltage supply      |
| Type of connection   | Cable               |
| Cable length         | 2,000 mm            |
| Sheathing material   | PUR                 |
| Cable color          | Black               |
| Number of conductors | 4 -wire             |
| Wire cross section   | 0.2 mm <sup>2</sup> |

#### **Mechanical data**

| Thread size         | M18 x 1 mm                |
|---------------------|---------------------------|
| Dimension (Ø x L)   | 18 mm x 61 mm             |
| Housing material    | Plastic                   |
|                     | Stainless steel, V2A, ABS |
| Lens cover material | Plastic                   |
| Net weight          | 40 g                      |
| Housing color       | Black                     |
| riousing color      | Didok                     |

#### **Operation and display**

| Type of display      | LED          |
|----------------------|--------------|
| Number of LEDs       | 1 Piece(s)   |
| Operational controls | Teach button |

#### **Environmental data**

| Ambient temperature, operation | -40 60 °C |
|--------------------------------|-----------|
| Ambient temperature storage    | -40 70 °C |

#### Certifications

| Degree of protection | IP 67         |
|----------------------|---------------|
| Protection class     | III           |
| Certifications       | c UL US       |
| Standards applied    | IEC 60947-5-2 |

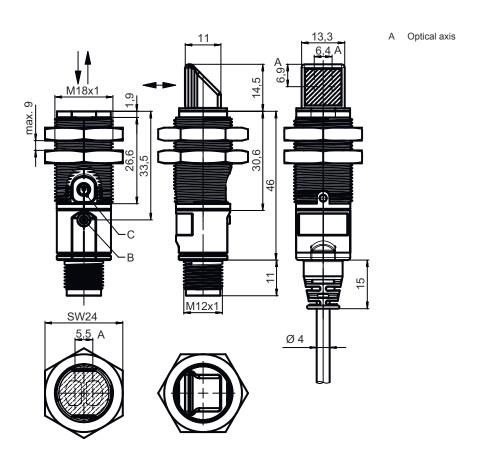

#### Classification

| Customs tariff number | 85365019 |
|-----------------------|----------|
| eCI@ss 8.0            | 27270903 |
| eCI@ss 9.0            | 27270903 |
| ETIM 5.0              | EC001821 |
| ETIM 6.0              | EC001821 |

## **Dimensioned drawings**

Leuze

All dimensions in millimeters

## **Electrical connection**

#### **Connection 1**

| Function             | Signal OUT          |
|----------------------|---------------------|
|                      | Voltage supply      |
| Type of connection   | Cable               |
| Cable length         | 2,000 mm            |
| Sheathing material   | PUR                 |
| Cable color          | Black               |
| Number of conductors | 4 -wire             |
| Wire cross section   | 0.2 mm <sup>2</sup> |

## **Conductor color**

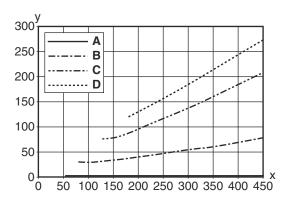

## **Conductor assignment**

| Brown | V+    |
|-------|-------|
| White | OUT 2 |
| Blue  | GND   |
| Black | OUT 1 |

## **Diagrams**

## Typ. black/white behavior

- x Range [mm]
- y Reduction of range [mm]
- A White 90%
- B Gray 50%
- C Gray 18%
- D Black 6%

## **Operation and display**

| LED | Display                  | Meaning               |
|-----|--------------------------|-----------------------|
| 1   | Green, continuous light  | Operational readiness |
|     | Yellow, continuous light | Object detected       |

## Part number code

Part designation: XXX328BY-AAAF.BB/CC-DDD

| XXX328 | Operating principle PRK: retro-reflective photoelectric sensor with polarization filter ET: energetic diffuse reflection sensor FT: diffuse reflection sensor with fading LE: throughbeam photoelectric sensor receiver LS: throughbeam photoelectric sensor transmitter |
|--------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Υ      | Light type n/a: red light I: infrared light                                                                                                                                                                                                                              |
| AAAF   | Preset range (optional) n/a: operating range acc. to data sheet xxxF: preset range [mm]                                                                                                                                                                                  |
| ВВ     | Equipment n/a: axial optics W: 90° angular optics 3: teach-in via button                                                                                                                                                                                                 |

### Part number code

CC Switching output / function (OUT1 = pin 4, OUT2 = pin 2):

4: PNP transistor output, light switching

P: PNP transistor output, dark switching

2: NPN transistor output, light switching N: NPN transistor output, dark switching

9: input for transmitter deactivation (deactivation with HIGH signal)

D: input for transmitter deactivation (deactivation with LOW signal)

X: pin not used

DDD Electrical connection

n/a: cable, standard length 2000 mm, 4-wire

M12: M12 connector, 4-pin (plug)

#### Note

🖔 A list with all available device types can be found on the Leuze website at www.leuze.com.

## **Notes**

#### Observe intended use!

- \$ This product is not a safety sensor and is not intended as personnel protection.
- The product may only be put into operation by competent persons.
- Only use the product in accordance with its intended use.

### For UL applications:

- 🖖 For UL applications, use is only permitted in Class 2 circuits in accordance with the NEC (National Electric Code).
- These proximity switches shall be used with UL Listed Cable assemblies rated 30V, 0.5A min, in the field installation, or equivalent (categories: CYJV/CYJV7 or PVVA/PVVA7)

## **Further information**

- Sum of the output currents for both outputs, 50 mA for ambient temperatures > 40 °C
- · With the set scanning range, a tolerance of the operating range is possible depending on the reflection properties of the material surface.

## **Accessories**

## Mounting technology - Mounting brackets

|   | Part no. | Designation | Article          | Description                                                                                                                                                                                                   |
|---|----------|-------------|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 0 | 50113548 | BT D18M.5   | Mounting bracket | Diameter, inner: 18 mm Design of mounting device: Angle, L-shape Fastening, at system: Through-hole mounting Mounting bracket, at device: Screw type Type of mounting device: Rigid Material: Stainless steel |

## **Accessories**

## Mounting technology - Rod mounts

|     | Part no. | Designation  | Article         | Description                                                                                                                                                                                                  |
|-----|----------|--------------|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Of: | 50117490 | BTU D18M-D12 | Mounting system | Design of mounting device: Mounting system Fastening, at system: Through-hole mounting Mounting bracket, at device: Screw type Type of mounting device: Clampable, Adjustable, Turning, 360° Material: Metal |

## Mounting technology - Other

|    | Part no.    | Designation | Article                   | Description                                                                                                                                                                                                   |
|----|-------------|-------------|---------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|    | 50083189    | BT 318-ARH  | Adjustment fastening part | Design of mounting device: Mounting plate Fastening, at system: Through-hole mounting Mounting bracket, at device: Screw type Type of mounting device: Swiveling, Adjustable Material: Metal                  |
| 00 | 50126631 ** | BT 328M     | Fastening                 | Design of mounting device: Mounting clamp Fastening, at system: For 18 mm rod, Through-hole mounting Mounting bracket, at device: Screw type Type of mounting device: Turning, 360° Material: Stainless steel |
