# Protection Column
with Protective Screen

SZ000EG125NN01
Part Number

- **Floor or wall mounting possible**
- **Mechanical protection against damages**
- **Quick and easy alignment through innovative mounting**

The wenglor protection column offers optimal protection for safety light curtains and multi-beam safety light arrays in rough surroundings. When combined with the floor mounting, this enables free-standing mounting. The wall mounting is suitable for stable horizontal mounting at standard profiles. The integrated water level enables an intuitive adjustment. A quick and precise axial and vertical alignment can be made with a few quick hand grips.

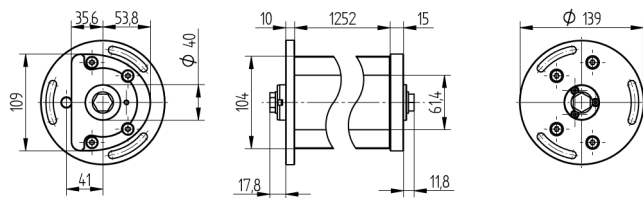

Technical Data

Mechanical Data	
Housing Material	Aluminum
Disc Material	Polycarbonate
Cable Outlet	bottom/top
Mounting Space (EBR)	1252 mm
Suitable Mounting Technology No.	710 770 780

Mounting Bracket, Floor or Wall Mounting are required for mounting (not included in delivery)
