## **Technical data**

#### **Basic data**

Series Operating principle

#### Special version

#### **Optical data**

| Operating range                  | Guaranteed operating range           |
|----------------------------------|--------------------------------------|
| Operating range, white 90%       | 0.001 0.215 m                        |
| Operating range, gray 50%        | 0.001 0.19 m                         |
| Operating range, gray 18%        | 0.003 0.15 m                         |
| Operating range, black 6%        | 0.003 0.125 m                        |
| Operating range limit            | Typical operating range              |
| Operating range limit, white 90% | 0.001 0.28 m                         |
| Operating range limit, gray 50%  | 0.001 0.245 m                        |
| Operating range limit, gray 18%  | 0.003 0.19 m                         |
| Operating range limit, black 6%  | 0.001 0.16 m                         |
| Light source                     | LED, Red                             |
| LED light wavelength             | 620 nm                               |
| LED group                        | Exempt group (in acc. with EN 62471) |
| Transmitted-signal shape         | Pulsed                               |
|                                  |                                      |

318B

Diffuse reflection principle

#### **Electrical data**

Protective circuit

| Polarity reversal protection |
|------------------------------|
| Short circuit protected      |

0 ... 15 %, From U<sub>B</sub>

0 ... 20 mA

10 ... 30 V, DC, Incl. residual ripple

| Performance data              |  |
|-------------------------------|--|
| Supply voltage U <sub>B</sub> |  |
| Residual ripple               |  |
| Open-circuit current          |  |

#### Outputs

Number of digital switching outputs 2 Piece(s)

Switching outputs Voltage type Switching current, max. Switching voltage

DC 100 mA high: ≥(U<sub>B</sub>-2.5V) low: ≤2.5V

Transistor, NPN

Light switching

Switching output 1 Switching element Switching principle

| Switching output 2  |                 |
|---------------------|-----------------|
| Switching element   | Transistor, NPN |
| Switching principle | Dark switching  |

#### Timing

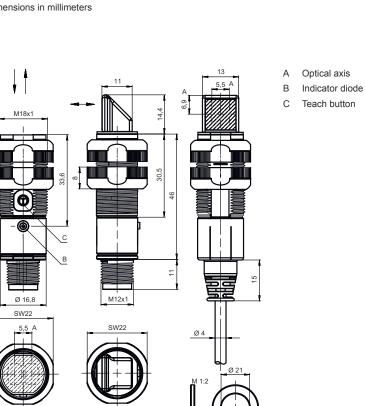

| Switching frequency | 500 Hz |
|---------------------|--------|
| Response time       | 1 ms   |
| Readiness delay     | 300 ms |

| Connection 1                   |                     |
|--------------------------------|---------------------|
| Function                       | Signal OUT          |
|                                | Voltage supply      |
| Type of connection             | Cable               |
| Cable length                   | 5,000 mm            |
| Sheathing material             | PUR                 |
| Cable color                    | Black               |
| Number of conductors           | 4 -wire             |
| Wire cross section             | 0.2 mm <sup>2</sup> |
| Mechanical data                |                     |
| Thread size                    | M18 x 1 mm          |
| Dimension (Ø x L)              | 18 mm x 46 mm       |
| Housing material               | Plastic, ABS        |
| Lens cover material            | Plastic             |
| Net weight                     | 120 g               |
| Housing color                  | Black               |
|                                | Red                 |
| Operation and display          |                     |
| Type of display                | LED                 |
| Number of LEDs                 | 1 Piece(s)          |
| Operational controls           | Teach button        |
| Environmental data             |                     |

## **Dimensioned drawings**

All dimensions in millimeters

### **Electrical connection**

**Connection 1** 

| Function             | Signal OUT     |
|----------------------|----------------|
|                      | Voltage supply |
| Type of connection   | Cable          |
| Cable length         | 5,000 mm       |
| Sheathing material   | PUR            |
| Cable color          | Black          |
| Number of conductors | 4 -wire        |
| Wire cross section   | 0.2 mm²        |

#### **Conductor color**

#### **Conductor assignment**

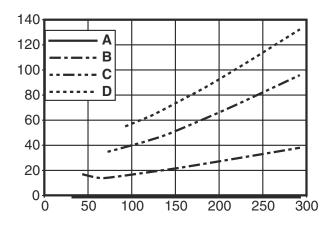

| Brown | V+    |
|-------|-------|
| White | OUT 2 |
| Blue  | GND   |
| Black | OUT 1 |

## Leuze

### Diagrams

# Leuze

Typ. black/white behavior

- x Range [mm]
- y Reduction of range [mm]
- A White 90%
- B Gray 50%
- C Gray 18%
- D Black 6%

**Fading: black/white error < 50 %**The black/white error is calculated from the operating range against white and the reduction of the operating range against

## **Operation and display**

| LED | Display                  | Meaning               |
|-----|--------------------------|-----------------------|
| 1   | Green, continuous light  | Operational readiness |
|     | Yellow, continuous light | Object detected       |

### Notes

#### Observe intended use!

✤ This product is not a safety sensor and is not intended as personnel protection.

b The product may only be put into operation by competent persons.

 $\ensuremath{^{\ensuremath{\Downarrow}}}$  Only use the product in accordance with its intended use.

|   | For UL ap            |
|---|----------------------|
|   | 🏷 For UL a           |
| Ü | ♥ These p<br>CYJV7 d |

• UL applications: For UL applications, use is only permitted in Class 2 circuits in accordance with the NEC (National Electric Code). These proximity switches shall be used with UL Listed Cable assemblies rated 30V, 0.5A min, in the field installation, or equivalent (categories: CYJV/ CYJV7 or PVVA/PVVA7)

## **Further information**

- Sum of the output currents for both outputs, 50 mA for ambient temperatures > 40  $^\circ\text{C}$
- With the set scanning range, a tolerance of the operating range is possible depending on the reflection properties of the material surface.

### Accessories

#### Mounting technology - Mounting brackets

|   | Part no. | Designation | Article          | Description  |
